**Kris Maksimovich of Global Wealth Advisors
Honored in
Forbes' Best-in-State Wealth Advisors List**

DALLAS, TEXAS (January 17, 2020)—Global Wealth Advisors, an RIA in Dallas, Texas, today announces that its President, Kris Maksimovich, AIF®, CRPC®, has been named to *Forbes'* Best-in-State Wealth Advisors list for 2020. The list was published on [Forbes.com](https://www.forbes.com), and a condensed listing will be available in the February issue of the magazine.

Kris formed Global Wealth Advisors in 2000 to meet independence from “in-house” products for people who typically seek advanced solutions to complex financial situations. Whether the goal is wealth preservation, asset protection, retirement income distribution, college education funding, business succession, estate planning or a combination of these, his unique 3P Approach© helps clients stay on track.

Wayne Bloom, CEO of Commonwealth Financial Network®, Global Wealth Advisors' Registered Investment Adviser–broker/dealer, said, “Congratulations to Kris on this well-earned recognition by *Forbes*. Kris is committed to providing expert guidance and essential support to his clients, and we are proud to provide Global Wealth Advisors with the business solutions they need to power their practice.”

Kris is happy to be included in this year's list, “Being recognized on the *Forbes* list for 2020 is significant because we pride ourselves on providing clients with a high-quality experience. When an independent research team recognizes this, it confirms not only to me, but to the entire team that we are realizing our mission of helping people live more and worry less.”

The 2020 ranking of the *Forbes'* Best-in-State Wealth Advisors¹ list was developed by SHOOK Research and is based on in-person and telephone due-diligence meetings to evaluate each advisor qualitatively and on a ranking algorithm that includes client retention, industry experience, review of compliance records, firm nominations, and quantitative criteria (including assets under management and revenue generated for their firms). Overall, 32,000 advisors were considered, and 4,000 (12.5 percent of candidates) were recognized. The full methodology² that *Forbes* developed in partnership with SHOOK Research is available [here](#).
