*The 2022 ranking of the Forbes’ Best-in-State Wealth Advisors¹ list was developed by SHOOK Research and is based on in-person and telephone due-diligence meetings to evaluate each advisor qualitatively and on a ranking algorithm that includes client retention, industry experience, review of compliance records, firm nominations, and quantitative criteria (including assets under management and revenue generated for their firms). Overall, approximately 34,925 advisors were considered, and 6,500 (approximately 18.6 percent of candidates) were recognized. The full methodology² that Forbes developed in partnership with SHOOK Research is available at www.forbes.com.

¹This recognition and the due-diligence process conducted are not indicative of the advisor's future performance. Your experience may vary. Winners are organized and ranked by state. Some states may have more advisors than others. You are encouraged to conduct your own research to determine if the advisor is right for you.

²Portfolio performance is not a criterion due to varying client objectives and lack of audited data. SHOOK does not receive a fee in exchange for rankings.
